THURSDAY, FEBRUARY 24, 1983

BELLE GLADE-PAHOKEE, FL.

Lake level expected to crest at 18.5 feet

By JEFF BROWN
The water level in Lake Okechobee is expected to continue rising until around March 7, according to South Florida Water Management officials.

The lake level was 18.03 feet above sea level Tuesday, February 22, up from 17.89 Friday, February 18.

According to Renato Rado of the South Florida Water Management District, district officials anticipate the lake level to continue to rise until March 7, when the level will be an estimated 18.5 feet.

"We expect it to continue to rise, even if the rain does stop," she said. Water is entering the lake from the Kissimmee River basin, and the district is also back-

pumping from the conservation areas south of the lake.

The district is attempting to ease the rise by removing water through the Caloosahatchee River into the Gulf of Mexico, and also removing a limited quantity through the St. Lucie estuary.

Rado said the amount removed through the estuary is limited and may be increased if weather conditions warrant it.

"If we get another cold front, it could drop another two to five inches (of rain)," she said.

The 18 foot water level has already temporarily closed portions of the Belle Glade Marina complex, although no other problems were reported.

"It's hurting us for customers," said Belle Glade Assistant Recreation Director Michael Underwood. "We might have lost some."

According to Underwood and an employee at the campground, a wind from the north caused the water to flood as many as 45 campsites Thursday, February 17, in 20 minutes. The individuals on those campsites, located in the older section of the facility, were relocated to higher ground in the new section.

The next morning most of the flooded sites were dry, said Underwood.

About 30 campsites are still flooded, but the city is attempting to relocate campers instead of evacuating them.

said Underwood.

Pallets have been laid to help campers reach their trailers and vehicles if water is surrounding them, according to Underwood.

He said he doesn't think another half foot in the water level will affect the campground that much.

"Right now, we're sitting with the highest water we're gonna see. A half a foot won't make that much difference," he said, adding that it could flood out the old marina pavilion.

He said the 24 hour security force at the campground has been keeping an eye on the conditions at the marina to ensure that no campers will become stranded or suffer damage to their property

due to rising waters.

"There's no danger for our people," said Underwood. "We do keep an eye on it. So there's no danger of the people getting washed away or damage to their trailers."

He admitted the flooded out campsites aren't a welcome sight to the city, which counts the campground as one of its best revenue producers.

"I would say truthfully that we could put 30 to 40 more people in there if it weren't for the high water," said Underwood.

The high lake level hasn't hurt other local businesses located on the lake too much, according to the proprietors.

"So far it hasn't done too

much to hurt us," William Joiner at the Paho Marina. "It causes some extra work when it floods pier during the winds."

The campground at Paho Marina has remained dry due to its elevation a sea wall, said Joiner.

"I don't really think it's affected the business in an adverse way," said Bill Norris of Slim's Fish Camp, Belle Glade. "It's affecting fishing somewhat. Overall, wouldn't say it has hurt us. We had a little bit of water up around the boat dock."

The higher water level in the fish a broader area disperse in, and makes harder to catch them, except Norris.

USSC investigation nets 4

PAHOKEE - Four men were arrested late last month as the result of an ongoing investigation, now almost five-months old, into thefts at United States Sugar Corporation's Bryant Sugar Mill just outside of Paho.

According to Detective Paul Copeland, the detective in charge of agricultural crimes in the Glades for the Palm Beach County Sheriff's Office, four men are facing charges in connection with thefts from the mill: John Joseph Cahick, 36, of 1977 Main Street in Paho; Larry Edward Collins, 29, of Canal Point; John H. Hughes, 29, of Paho; and Arnold Lowe, Jr., 43, of Indiantown.

All four were warehouse employees.

The sheriff's office was still recovering stolen items Tuesday, February 22, as a result of the investigation. Carborators and other automotive equipment, most of it new and unused, were recovered in a wooded area south of Port Mayaca, said Copeland.

The Sheriff's Office had already recovered \$24,525 worth of automobile and tractor parts, tarpaulins, tires, cleaning materials and other equipment. About \$1,300 worth of equipment had been recovered from a canal where the thieves had apparently dumped it when word of the investigation spread.

"Our investigation evidently scared the living hell out of some people," said Copeland.

Other arrests may follow. Copeland said the investigation is a continuous one, and said the thefts date back almost 39 years. Only those the sheriff's office feels may be guilty of outright theft have been arrested, he said, although as much as 85 percent of the employees at the mill may have been involved with thefts.

Copeland and the several other detectives, under the supervision of Major Frank Fogelman, were investigating the thefts since September when they were first informed of the incidents by the corporation's security unit.

An undercover agent was installed in the mill and that agent worked at the mill, on the USSC payroll, until late January.

He said a "conservative estimate" was that \$500 a day may have been taken from the mill due to theft.

Copeland credited the success to date to the teamwork between the department and the security force at the mill.

"If it hadn't been a team effort, I couldn't have accomplished what I had done," he said.

He said the investigation is still open.

"It's an ongoing thing," he said.

Citizens' group wants Slonaker out Group seeks inspector's ousting

PAHOKEE - A group made up of citizens calling themselves the Paho Civic Pride Association (PCPA) asked the Paho City Council to authorize an independent investigation of the city's building policies, and recommended that Building Inspector Phelix Slonaker be suspended until charges are made against him were resolved.

The city council decided to ask the county to investigate the allegations, and not to suspend Slonaker unless the investigation substantiated the charges and recommended this suspension.

Julia Johnson, a Paho citizen representing PCPA, presented the association's allegations and recommendations to the council Tuesday night, February 22.

According to the association, the Comprehensive Plan of 1979 determined the number of housing units in Paho to be 2,016. About one third of those, or 665

homes, were believed to be classified as substandard, and ten percent of that amount, or about 66 homes, were considered "unsuitable for rehabilitation."

"What we are trying to point out is that for at least ten years, the city has been regularly warned, admonished, and encouraged to do something - about the deterioration that was and is taking place. Little has been done. The conclusion could be drawn that the city in the past has placed too much emphasis on the individuals involved at the expense of the citizenry as a whole.

"We, as citizens and interested parties, would like to know that our codes and ordinances will be enforced in the future and we request that code enforcement board be put in place and a concerted, accelerated effort be undertaken to remedy the problems that lack of enforcement in the past has created," the statement con-

tinued.

The group made further accusations against Slonaker and the city in its statement:

- "Zoning laws in the past have not been well enforced, especially where trailers are concerned."

- "There are abandoned vehicles throughout the city."

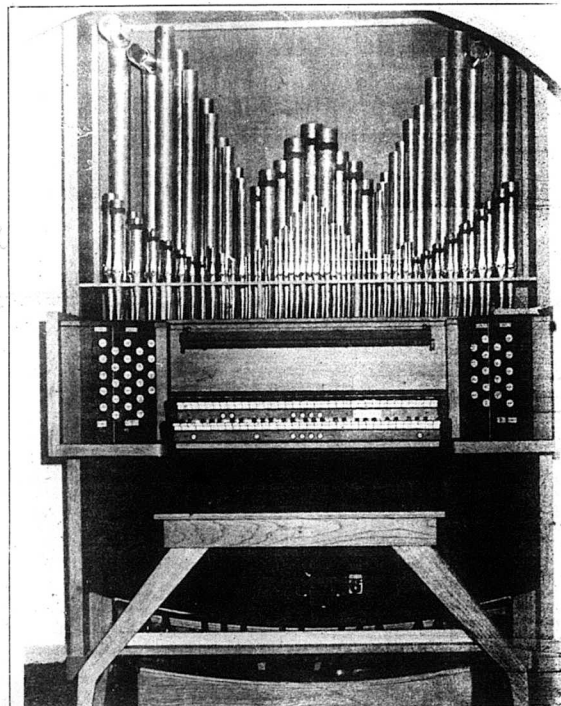

- "These problems fall to the responsibility of the Building Inspector."

- Johnson said that problems at the city marina were the reason the group was approaching the council that evening instead of better preparing its package.

She said matters at the marina are the most urgent, and cited places at the facility where there are exposed, live wires that "presents a potential hazard to life and limb."

It recommended the building inspector's records be sealed and examined by the county action the council approved that evening.

A NEW PIPE ORGAN, the first ever in the Glades, sits in the Church of St. John the Apostle in Belle Glade.

Pipe organ believed first in Glades

By JEFF BROWN
BELLE GLADE - The state of the art in organs is sitting in the Church of St. John the Apostle in Belle Glade.

It combines the ancient art and craftsmanship of the pipe organ with the modern technology of electronics, to recreate the full, rich sound of the huge organs that are now relics confined almost solely to metropolitan cathedrals.

This organ, the first pipe organ in the

Glades, doesn't take up as much space as a small building, though. It sits in a small alcove in the rear of the chapel.

But every Sunday since Christmas organist Tom Cooke makes it sound just like the gigantic instruments that preceded it by centuries.

"It's a majestic thing," said Cooke, who has played every type of organ in existence, including a computerized organ.

South Bay elections

Garcia, Freeman vie for commission seat

SOUTH BAY - South Bay voters will go to the polls Tuesday, March 1, to choose between an incumbent and a newcomer to the city's political process in a municipal election.

Two incumbents whose terms expire this year will be returned to office without their names appearing on the ballot. Mayor Donald Tanner and Vice Mayor Vernita Cox drew no opposition and, as incumbents, their names will not appear on the ballot.

Voters will have to decide between incumbent Refugio Garcia and challenger Richard Freeman in the third race.

Garcia, 36, said he is running on his record as a two-term commissioner.

"I think we're doing a good job," said Garcia, pepperhouse manager with South Bay Growers. "I think we've all been working pretty good. I haven't heard any complaints from the citizens. We're doing the best we can for the city."

Garcia was first elected to the commission in March 1978, becoming the first Hispanic to win elective office in the county.

Freeman, 37, works for Hutcheon Engineers in

"I'd like to see us keep better officers longer. Better streets also. And a better recreation program for children."

"I'm quite sure we can find funds. I'm sure we can find funds. There are federal grants and things."

The polls open at 7 a.m. and close at 7 p.m. Tuesday.

Garden Club Hosts Valentine's Tea

BELLE GLADE Garden Club hosted a Valentine's tea Friday, February 11 for other area garden clubs.

Guests were invited to the Pahokee Garden Club, the Garden Study Club of Belle Glade and the Chosen Garden Club.

Pipe organ—

"It was the best I ever played. Until I played this thing. If you know of any church or anyone who is in the market for an organ, tell them to let me know."

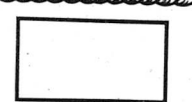

The organ recently installed in the Episcopal Church on NW Avenue H in Belle Glade, is a 205 Rodgers Classic.

Rodgers, the manufacturer, had bought the files of the Aeolian-Skinner Organ Company in 1974, which gave Rodgers the capability of creating the pipe organ sound.

When creating the new type of organ, which has only been available a couple of years, according to Cooke, the manufacturer used the modern technology of electronics, a basis for most organs produced today, and augmented it with the pipes to recreate the sound of the old instruments.

According to Cooke, there was a move

The council also decided to have the county examine the fees and rate schedules imposed by the building department due to a recommendation from the association.

The council should "insist that building codes be enforced."

Slonaker, after hearing the charges and recommendations, said he would start en-

forcing all code violations in the city the next day. He said that in the past, his attempts have been thwarted by the city council.

Bob Palancharis, a Palm-Beach County Building Official, said the local building official has final jurisdiction over enforcing the code and that the council couldn't intervene in the matter.

If they want the codes enforced, I will see that they're enforced to the tee," said Slonaker, adding that he will "start writing up each and

every violation. If that's what they want, that's what they'll get."

The PCPA also recommended that the city appoint a task force of local citizens and impartial county officials to survey violations for the code and recommend solutions.

The city council appointed the PCPA as the group of citizens on the task force, and decided to request the county's assistance in investigating any charges.

It recommended that all official business of the building department be handled in writing.

"We recommend that any violations deemed to be life threatening in nature be rectified immediately," according to the statement.

The PCPA also recommended that the council "recognize the fact that some very bad mistakes have been made in the past due to either an unwillingness or the inability to act and that it endeavor to act more responsible in the future than previous.

Garden Club hosts tea

BELLE GLADE - The Belle Glade Garden Club hosted a Valentine's tea Friday, February 11 for other area garden clubs.

Those clubs invited were the Pahokee Garden Club, the Garden Study Club of Belle Glade and the Chosen Garden Club.

St. Paul's Lutheran School chorus, under the direction of Mrs. Janis Flieth, gave a performance for the group and sang a number of folk, patriotic and contemporary songs as well as performed skits for the group.

Card of Thanks

Perhaps you sang a lovely song, or sat quietly in a chair. Perhaps you sent beautiful flowers, if so, we saw them there.

Perhaps you sent or spoke kind words, as any friend could say. Perhaps you were not there at all, just thought of us that day.

Perhaps you prepared some tasty food, or maybe furnished a car. Perhaps you rendered a service unseen, near at hand or from afar.

Whatever you did to console the heart, we thank you so much, whatever the part.

Glades General Hospital Staff (2nd floor), and doctors (Dr. Robert W. Mackler) "Thank you" for all acts of kindness, compassion and consideration rendered.

Do you know who the only real men are?

The country's most abused minority - bald headed men - may have just fired the opening salvo in their fight for justice.

Check out the guest column in the current issue of Newsweek magazine. The inference is that while bald-headed men may, depending on which stereotype you subscribe to, be considered sexy, intelligent, or comical, the only real men may be baldies.

Coming from a long line of baldies and being somewhat inclined that way myself, I felt compelled to speak on this important subject.

First, baldness is nothing to be ashamed of. It's a disease. It's a condition and an inherited one at that from the mother's side of the family.

Some of the greatest men around have been bald including my father, Allen Cranston, Charlie Goodlett, Gandhi, Jack Eckert, and Dwight D. Eisenhower.

So what if only women can have babies? Men can go bald. With a metamorphosis from being a no-top to having a scalp slick as a honeydew melon.

Looking around I've noticed that some of you other men are having less and less to comb.

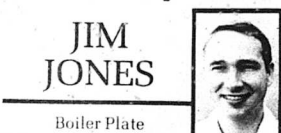

If you have given thought to buying a toupee or having a hair transplant, forget it.

Let nature take its course. You are about to become a trendsetter. Bald is beautiful and the rest of the world will catch on one of these days.

This one almost slipped by me and I cannot let the story go unaided.

Seems that Kenneth Bowers' wife missed her ride home from Hendry General Hospital last Thursday so he set out to pick her up about 5:15 p.m.

As Bowers, 40, started onto Flagpole Road he

JIM JONES

Boiler Plate

spotted an ATC literally flying along the street. And then right before his eyes the three-wheeler veered off the road and shot into a canal, carrying two boys with it.

"I said, 'My Lord, look how fast they are going,'" he said. "It looked like Evil Knievel trying to jump the canal."

Bowers didn't have to think. As soon as he saw the boys struggling in the water, he jumped in

after them. He grabbed the larger of the two and pushed him to the bank. The smaller boy had disappeared under the water.

"I had to go under the water to get him," Bowers said. "I'm 6 foot tall and I never touched bottom. My head was under about a foot when I found him. I like to have never got back to the bank."

Bowers, a Department of Transportation employee in Belle Glade, was deeply affected by the accident.

"His own son had recently had a motorcycle accident and was still recovering."

"I still get chill bumps when I think about it," he said. "My legs were shaking so bad I couldn't drive to pick up my wife."

And if his wife hadn't missed her ride, chances are at least one of those boys would have drowned.

Imove to amend the agenda

Do you know what the first thing was our ancestors did when they came down out of the trees? They formed a committee to cut down the tree.

This, of course, called for a committee to save the trees and another committee on procurement of firewood. From there on, committees begat committees, finally evolving into the US Congress and the PTA, which are committees totally run by committees.

All committees tend to believe they are engaged in good causes. This includes committees organized to prevent lynchings and committees

Academic games held

BELLE GLADE - Academic games were held at Palm Beach Junior College Wednesday, February 16, with students from the area schools participating.

In the rookie division team standings, first place went to the "Gove Cats" from Gove Elementary with a team score of 146 points. Members of the team were: Tynia Brooks, Paul Colbas, Kafekah Shatara, Katie Mohammad and Willie Andrews.

Second place went to the "Goveettes" of Gove Elementary and third place to the "Super Stars" from St. Peter's Lutheran School.

In the elementary division, 120 students participated. First place went to the "Lady Eagles" of Belle Glade Elementary. Team members were: Carrie Miles, Edith Simon, Carla Harris, Carla Clayton and Sandra Moreland.

Second place to Lake Shore Elementary and third to "The Shmurfetts" of East Lake Middle School. Fourth place was "Math Master Minds" from St. Peter's Lutheran.

Individual awards went to the following students: Tommy Hickerson, Glades Day, Leonard Kearshe, Lake Shore Elementary, Paul Prescott, Glades Day, Kevin Ryburn, St. Peter's Lutheran, Lisa Pate and Jamal Murvin, East Lake Middle.

Shane McNeil, Christian Day, Darion Morris, Lake Shore Elementary, Michael Triplett, St. Peter's Lutheran and Lori Groover, Christian Day.

Other individual award winners were (in point order): Paul Collins and Latasha Adams, Gove Elementary, Shelly Weeks, St. Peter's Lutheran, Nyree Johnson, Gove Elementary, Mark Burch, St. Peter's Lutheran, Robert Robins and Rafael Magana, Gove Elementary, and Venise Powell, Belle Glade Elementary.

A total of 49 students participated in the equations in the middle division. Individual awards were given to: Chad Hood and Tom Mikovsky, Glades Day, Michael Morrison and Cellia Varona, Christian Day, Dale Helvey and Alfredo Fernandez, Pahokee Jr./Sr. High School, Jennifer Lamb, Glades Day, and Monica Laing, Lake Shore Middle.

Team awards were won by the Christian Day School Wizards, first place, the Glades Day School Super Gators, second place, the Pahokee Jr./Sr. High School Dare Devils, third place, and the Lake Shore Middle School Chargers, Honorable mention.

In the senior division in equations, individual awards went to the following students in order of points: Thomas Tai, Janet Clayton, Eddie Mikovsky, Joel Payabyab, Mark Andrews, Coleman Prewitt and Kevin York, Pahokee High.

Team awards were given to the first place team, the "Prosted Flakes" of Glades Day School. Team members were: Janet Clayton, Coleman Prewitt, Eddie Mikovsky, Joel Payabyab and Steve Herring.

AILSA DEWING

"AND WHAT NOT"

formed to prevent lynchings, more properly called posse comitatus, or committees to commit posse. Committees to re-elect presidents properly fall somewhere between these two groups, either to the right or the left of one or the other.

Our sovereign state of Florida has decreed a sunset on some committees. Supposedly committees and other ersatz groupings will be forever adjoined if nobody has had nothing but old business to bring up unless new business is awhile. Actually, useless committees don't do much harm but they do tie up people who could otherwise be serving on other committees.

This, too, is a problem that must have caught up with our ancestors within the first century when members of the Dinosaur Hunt Committee could never serve on the Bushbeating for Bears Committee because they met on the same night - the first night after the first full moon unless it snowed all day.

An early dogma regarding committees is that it's bad luck to change the meeting night. This makes sense. The few members who pick up on Tuesday night who couldn't make it Monday night never come to meetings anyway. They would just rather not go to Tuesday night meetings than Monday night ones. And most of those who were coming Monday nights, bowl on Tuesdays, or get their root canals dug.

An interesting dim light on the development of parliamentary procedure is the use of the gavel to maintain order. Originally, the gavel was a club and the chairman pounded on the committee members for silence. When fewer and fewer members were able to turn up for meetings because they were unable to get up at all after the last meeting, it was moved and seconded the chairman pound on a table instead. The first Committee on the Procurement of Tables also designed

Jubilee Committee discussed Salad Bowl

BELLE GLADE - Members of the Black Gold Jubilee Committee and a representative from the county Health Department discussed the committee's plans for a giant salad bowl, and came up with no "real problems" that could prevent the bowl from becoming a reality.

The committee learned Friday, February 18, that the health department was primarily concerned with how the committee plans to mix the salad and prevent the ingredients from spoiling.

Committee member Israel Baez, who is heading up the effort to create the salad, and Committee Chairman Rupert "Bubba" Mock, Jr., said the department representative seemed enthusiastic and willing to work with the committee in overcoming

any problems connected with the festival and the salad.

The committee also discussed other problems with the festival.

Produce for the bowl is being grown and donated by area growers, but Baez said the excessive rainfall could damage the crops and decrease the volume available for the bowl.

Parking at the marina during the weekend when the jubilee culminates could also be a problem, according to Mock. A tent the committee plans to erect over a parking lot will eliminate a lot of on-site parking, so the committee will be checking into the possibility of shutting people from a remote parking area.

Diet course offered

PAHOKEE - An eight week diet course will be offered at East Lake Middle School in Pahokee on Wednesdays from 3:30 to 5:30 p.m. starting February 16.

A similar class will be offered in Belle Glade if there is sufficient interest, according to Gary Hagerman, assistant principal for Community Education at Glades Central Community High School.

WANTED 4 HOMES

A homeowners in the general area will be given the opportunity to have new Solid Vinyl siding applied to their home with optional decorative work at a very low cost. This amazing new product has captured the interest of homeowners throughout the United States who are fed up with constant painting and other maintenance costs. It will last you a lifetime and provides full insulation summer and winter, as well as fire protection. New vinyl product can be used over every type of home, including frame, concrete block, asbestos, stucco, etc. Solid Vinyl is now going to be introduced to the Glades area. Your Home can be showcased in the country. For an appointment, mail within 3 days - name and address to:

Dolly Hand Cultural Arts Center

Belle Glade Florida

BELLE GLADE - Mr. and Mrs. Robert M. Hooker and Mr. and Mrs. Richard Korbly hosted members of Chapter AG, Sisterhood, Thursday, February 10.

The residence was decorated for the occasion with a valentine theme. All members and guests were in costumes.

Following a dinner, prizes were awarded by Mrs. Sandra G. Chamblie in three categories of costume. Nancy Carpenter won in the category of prettiest. Most original went to Barbara Markham and least stylish to Ruth Wedgworth.

First runners up were Betty Thiebaud for the prettiest costume, Margaret Earwood, most original and Martha Allison, least stylish.

Milton Carpenter won in the category of most handsome. Most original went to Robert Hooker and least

stylish to John Schlechter.

First runners up in the mens division were William Thiebaud, Francis Cross, Jr. and James H. Chamblie.

A specially prepared

ceremony to initiate some of the husbands was authored by Thiebaud. Those initiated were Milton Carpenter and Edwin Lively, Jr. Thiebaud was the presenter.

Chapter holds Valentine meeting

Chamber float to visit fests

BELLE GLADE - The Belle Glade Chamber of Commerce will enter its float in the Chalo Nika and the Speckled Perch Festival is held in Okeechobee the weekend of March 12.

The chamber float will also be entered in the annual Black Gold Jubilee Parade in mid-April.

Chalo Nika is held at Moore Haven the weekend of March 12. The Speckled Perch Festival is held in Okeechobee the weekend of March 12.

The chamber float will also be entered in the annual Black Gold Jubilee Parade in mid-April.

Xi Alpha Mu meets

Xi Alpha Mu President Doris Lane and Vice President Christine Ellett, gave the pledge of sisterhood to Chapter Rushees, Judy Gallo and Dot Denton.

At the meeting, held at Catherine Kennedy's, plans were made for the next social to be held at Clark Wilkinson's, Friday, February 18. Also, tentative plans were started for Founder's Day, and announcement was made of an area luncheon at Boca Raton, Saturday, March 19.

Lou Brock talks to local youth

BELLE GLADE - Lou Brock, the baseball legend who set a new pace for base stealers while with the St. Louis Cardinals, walked into the gymnasium at Glades Central High School early this week with a message on leadership. He urged the students at the assembly to develop their leadership tendencies by mastering their self-image.

"If you think you're gonna be a poor student, chances are you are a poor student," he said. "If you think you're gonna be a poor athlete, chances are you are a poor athlete. The only way you can overcome a poor self-image is to have a positive attitude."

Brock was representing Youth Leadership, an organization which awards a \$1,000 college scholarship to students it feels "put their best foot forward."

The scholarship is designed to honor students "well rounded in a couple of areas but never recognized."

Brock recounted his own experiences that gave him a "will to win," one of the traits the organization looks for in its applicants for the scholarships.

He said the "will to win" is the common denominator in all leaders.

People never know if they have the "will to win" until they are in a truly competitive situation.

He credited his own "will to win" with turning him to baseball. Today, retired since 1979, he is recognized as one of the all-time greats of the sport.

He said he turned to baseball as a last resort to save his floundering college career.

He had lost a scholarship because of bad grades and had turned to baseball in the hopes of obtaining an athletic scholarship.

His workouts with team hadn't been very well, and Brock said he knew he had to perform well with the bat to earn a spot on the team.

"He said he hit four of five pitches out of the park and saved his college career."

Two years later, he was in the major leagues with the Chicago Cubs.

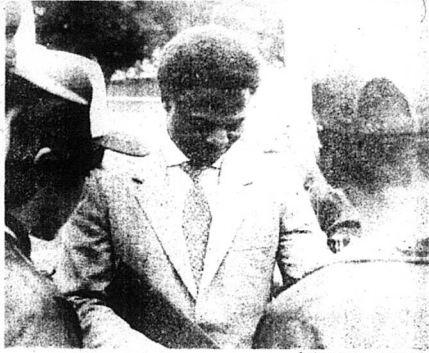

Brock spent four years with the Cubs before being traded to St. Louis.

While in Chicago, he had considered himself a home-run hitter, he said. The Cardinals decided to make him a base stealer.

He told the management that he was a long ball hitter, Brock said, but he was told that if he expected to play baseball regularly, he was going to learn to steal bases.

"You know what you do when they tell you that?" Brock asked the students. "You go out and ask everyone you see 'How do you steal a base?'"

Brock spent 15 years in a Cardinal uniform, and when he retired in 1979, he had stolen 938 bases. He stole 118 bases in one year to set a

Gator cage record 13-5

BELLE GLADE - The Glades Gators boys' basketball team posted a 13-5 record after splitting two games last week.

The Gators lost to John Carroll, 64-56, Tuesday, February 22, after coming back from a third period 40-49 deficit.

John Carroll opened with a 17-point quarter and extended its lead to 34-28 at the half.

Lady Devils win district

Pahokee defeated Clewiston's Lady Tiger basketball team 36-24 Saturday, Feb. 19, to claim the Class 2A, District 14 girls championship.

But the game was actually much closer through 3 1/2 quarters than the final score indicates.

Clewiston, 10-7, dogged Pahokee, 18-6, up till the 1:01 mark of the fourth quarter when the Lady Devils expanded a three point lead to five.

Thereafter, Pahokee took advantage of mistakes made by the frustrated Clewiston team. Pahokee picked up two easy points on technical fouls against Clewiston and two more on free throws.

Though Pahokee pulled away from Clewiston late in the game, a highlight was the fierce defensive battle between the two all centers, Clewiston's Kim Rose and Pahokee's Kim Powell.

Rose, a 5 foot 11 1/4 senior, led Clewiston in scoring with 13 points, while Powell had 11 for Pahokee.

Saturday's game was one of lowest scoring seen in this area in years and came after high-scoring semi-final games. Clewiston defeated Immokalee 54-50 to gain the finals.

The Pahokee blasted Port Charlotte 50-26 Friday.

In Saturday's game, however, Pahokee held a 3-0 lead at the end of the first quarter. By the end of the first half, Clewiston led 10-9.

In the second half, Pahokee nearly tripled its first half point production as it doused Clewiston hopes for a win.

The Gators beat Crusaders.

BELLE GLADE - The Glades Gators defeated their cross-town rivals Belle Glade Christian Crusaders 81-66 last week.

The Gators are now 18-5 overall and the Crusaders are 7-13.

The two teams go to the district tournament next week.

Glades Day opened an early 18-10 first period lead and was ahead at the half 41-25. The Crusaders fell to 62-38 at the third period when Gator Coach Byron Walker decided to substitute.

When you have these energy savers added, we'll subtract part of the cost.

Ceiling Insulation

An Efficient Heating/Cooling System

An Efficient Water Heater

Solar Film

FPL will actually pay you to conserve electricity four ways:

Our Cooling & Heating Incentive. FPL will pay up to several hundred dollars towards the cost of having an older, inefficient air conditioning system or heat pump replaced with a qualifying high efficiency system.

Our Ceiling Insulation Incentive. FPL will pay up to \$300 towards the cost of having ceiling insulation installed.

Our Water Heating Incentive. FPL will pay up to several hundred dollars towards the cost of having an inefficient water heater modified or replaced with a solar water heater, water heating heat pump or heat recovery system.

Our Solar Film Incentive. FPL will pay up to \$150 towards the cost of having solar-reflective film installed.

To qualify for the last three incentives, work must first be recommended by an FPL Home Energy Audit.

Will everyone benefit from Watt-Wise incentives?

Yes. These incentives are less costly than the oil necessary to generate the electricity wasted by inefficient homes. Every 600 kilowatt-hours of electricity not used is a barrel of oil no one has to pay for. This also helps us postpone the building of expensive power plants. The less oil we use, and the less new building

we have to do, the more we can help hold the line on everyone's electric bill.

For more information on how to qualify or to arrange for a Home Energy Audit, send us this coupon or call the Watt-Wise Line at 1-800-432-6563.

The Watt-Wise Products Program. Another way we're working hard at being the kind of power company you want.

Fill in more information on the following Watt-Wise incentives:

What's In A Name?

At H&R Block we guarantee our work.

This year with over 100 changes in the tax laws and forms, you have more chances of making a mistake. And that could mean an IRS audit. If H&R Block prepares your taxes and you're audited, we go with you at no added cost. Not as your legal representative, but to explain how your taxes were prepared. If we make a mistake and you owe additional tax, we pay only the tax. We pay the penalty and interest.

CREDIT PROBLEMS?

If your loan application to purchase a new or used car was turned down by the Bank or other lending institution, The Stewart may have good news for you. For a limited time, we have over \$290 million dollars available for auto loans. Credit requirements are more liberal than what you've probably experienced. Terms are longer, and no down payment is necessary. Interest is well below prime lending rates charged by most banks.

Call now and drive home today in a new Pontiac, Toyota, Mazda, Fiat, or Peugeot. Call for an appointment to come in. Ask for Mr. Foster, Special Fund Finance Manager.

der suspects arrested

First degree murder charges in connection with the shooting death of the Jamaican on January 12.

The 16 year old is being held as the individual who allegedly pulled the trigger in the armed robbery that resulted in

Vincent Harris, 29, of 448 SW Avenue B Place in Belle Glade, was arrested and charged with first degree murder and armed robbery.

A second juvenile, age 17, also charged with first degree murder and armed robbery, is being held in his part in the crime.

SW Avenue B Place where a gambling operation was apparently underway.

He allegedly had the two juveniles enter the building armed with handguns and stocking masks. The three would split the

proceeds from the robbery after the juveniles committed the crime, according to Hevey.

When they had entered the room the victim apparently moved his hand towards his belt and the 16 year old apparently panicked and shot the Jamaican.

The 16 year old was picked up by police Thursday, February 17, said Hevey, who added that he confessed.

The other juvenile and Harris were arrested the next day. Both the juveniles confessed their involvement in the incident, Hevey said.

Investigating murder

County line just off of US 27, Friday, January 18.

The victim was identified through fingerprints as Jerome Harris, 22, of Fort

Lauderdale.

His hands were handcuffed behind his back and he was shot according to police.

estimated that Allen was dead three weeks.

The body was discovered by an employee of Evergreen State two miles west of

US 27, just off of 16 Mile Road, Friday morning at 11:30.

An autopsy was performed Friday.

Armed robbery suspect returned

BELLE GLADE - A suspect in the Belle Glade Police Department arrested Monday, February 21, will be returned to Tallahassee on two warrants for armed robbery.

According to Detective John R. Carney, Willmont Frazier is wanted in Tallahassee on two warrants for armed robbery.

Police hunt rapist

BELLE GLADE - Belle Glade Police are seeking a suspect who raped a woman on her way from work last Tuesday night, February 15.

There are no suspects, said Hevey.

ould not oppose port expansion

the state legislature, because \$800,000 and \$1,000,000 will be allocated for operations at the airport from its current classification as a general aviation airport.

Strang said one of the alternatives would include lengthening the 3,700-foot-long runway to 4,000 feet.

He said the funds the port proposes to use for the upgrading and improvements could be used for purchasing land to the east, west and north of the facility, and for having utility lines on the east end of the runway that currently prevent expanding the runway.

He said a transporter type of airport would include more sophisticated landing abilities than a general utility airport also.

The department's \$83,000 increase in the prior grant will be used to pay for bills in the current improvement program at the facility, said Strang.

Hold It!

If you haven't mailed your '82 income tax there's still time to cash in on a tax shelter of your own!

Cash in on one of Uncle Sam's best tax shelters. You have until April 15th (longer if you have an extension) to open your own tax shelter - a Bank of Pahokee Individual Retirement Account. Invest up to \$2,000.00 (\$4,000.00 if you and your spouse both work) regardless of other retirement benefits.

You get to take the deduction now, on your 1982 income tax, and your future investments plus the interest your savings earn is tax deferred until you retire, when your tax rate will probably be much less.

Want to know more about your own tax shelter? First, hold up on that tax return, then see a Bank of Pahokee banker who can show you how to cash in on your own tax shelter - a Bank of Pahokee Individual Retirement Account.
